

# G'Day Mates

The land down under is what it's often called  
Lush tropical forests, diversity sprawled

A continent proud despite its criminal roots  
Exploring the outback invites rugged pursuits

Known for kangaroos, koalas, and dingos  
Fierce Tasmanian devil, creates chaos where he goes

Magnificent beauty from wet surf to dry sand  
The Great Barrier Reef commands the world's largest island

Rugby and culture from Sydney's opera house shines  
Grab some shrimp from the Bar-B with succulent wines

Speaking an English only they can detect  
Spending time with them to learn is worth the connect

New South Wales, Canberra, Brisbane, and Melbourne  
Witness colourful miracles wherever you turn

Over 7000 beaches and 25,000 plants thrive  
Almost all the black opals come from this dive

Native Aboriginals remain steeped in their tribes  
Infringing society disturbs ancient vibes

Six states, and two territories, 8 apostles stand tall  
Get to know Australia, answer mother nature's call.
