

Personal points

I fly for the company
and that is just fine
they comp for my travels
but the points are all mine.

Posh hotel I'm booked at
it's paid, all I do
is present them my card
and get points from them too.

My credit debt's huge
but the corporation will pay
I'm getting a juicer
from the points on that day.

For all that I'm absent
it's a price she must bear
but I'm out of the dog house
when we're going somewhere.

It's off to Australia
Bangkok and Japan
free with my points
including a tan.

All that I spend
on a report to the boss
the money recouped
but the points are his loss.
